Yes, actually, not ranking but coding. Citizen calls might be priority if they are in immediate area and have specific concern.

Subject: RE: Forward Calls w/?s

Rich ranked media calls as Priority 1 and calls from citizens needing immediate responses as #2. If you receive any calls with general questions that could/should become part of the overarching Q & As, I am compiling and sending to HQ for consolidation. They said this morning they want consistent responses to general questions and will be posting them on the web site when ready.

These are non-media calls? So PIOs in Durango not calling citizens?

All:

If you receive any calls from folks with questions that do not require immediate assistance, please feel free to forward those calls to me and I'll capture all of the questions and send to HQ for the Qs & As, and will also track in case a specific response from us is needed.

I think all you have to do is hit 6 and then enter my phone number: 303-312-6256 to forward the calls to me.

Subject: Citizen calls

Joe Walz [Personal Phone/Ex. 6] will EPA be charged punitive damages the way BP or other companies are?

Amy [Personal Phone/Ex. 6] is EPA conducting air sampling – can these contaminants become airborne?

Bill McCann – I sent a message to you - I called him to make sure he had the county call ctr number in case his well needed to be tested and he had already done that. No need to call.
